

Thao With The Get Down Stay Down, Travel

darling did you hate
the way i made you travel
all pain and scrapes
scrapes and safety hazards
we only only roll so far
and then i rolled you from my zooman cup

but i took a million looks
how they ate me up
made me heavy and for what
but you float you float
how could you know
i never can tell
and i never can show

oh i oh i oh i i i
oh i oh i i i

but i took a million looks
how they ate me up
made me heavy and for what

but you float you float
how could you know
i never can tell
i never can show
