

The Action Design, The Scissor Game

No one but you deserves to have every wish and dream come true.
You take the hard road just to save a thousand lives along the way.
I know what you are.
I know what you want.
I know what you got.
If I were you, I think I'd keep it to myself.
This world's not big enough for you to be part of.
We can't accommodate you.
You're 100% right, 100% of the time.
Tell me what you want me to be, cuz I'll do anything you say.
How do you keep cool knowing you are royalty amongst the pigs?
This world's not big enough for you to be part of.
We can't accommodate you.
This world's not big enough for you to be part of.
You've no one to relate to.
Everywhere you go, you steal the show.
Is there anything you don't know?
Save yourself.
We're not worth it now.
You've evolved beyond us.
Leave us behind, survive.
You must carry on.
When will you disappear?
