The Afghan Whigs, Faded

(Dulli)

You can believe in me, baby Can I believe in you? What you don't know Can hurt you, child All the things a mind can Do to you

If I go bad From time to time Love to love but love is not My only crime Bathe the path, shine the light Better get your ass up on The mountain, baby I'll take you up tonight

Faded This I feel Behind the blue clouds I remain concealed Lord, lift me out of the night Come on, look down And see the mess I'm in tonight

You can believe in me, baby Can I believe in you? I wish I could remember what You said, when I said Enough

You said Good boy... bad boy... killjoy... Get your ass over here, boy And since I know Myself so well Don't breathe a word Don't you ever tell

You can believe in me, baby Can I believe in you? That secret's gonna kill you In the end It's gonna kill You
