The Aikiu, Pieces of gold

Lost in a land of (?)
This is where the lovers fade
I hold my love for you
Tiny stretching on our bones
Roads lead as to unfold so I keep

A Pieces of Gold And what can I say?

Don?t leave me this way I guess I can?t pretend In this way

It (?) feel And fade away (?)

I can?t stand I can?t breath the loneliness of limousines Every piece of your memory I found in magazine

Hong Kong, Now China, star Fit the love

Try now I feel fine You fevers You fevers

At midnight I hear the blinking I am ready for the feeling Of Hong Kong sorrow Of Hong Kong sorrow With Hong Kong sorrow
