

# The Amity Affliction, Forever

i'm not afraid to die  
not afraid of where i'll go  
i'm not afraid of ow it ends  
and what it'll do to you  
there's a knot inside my gut  
cause I am not trying to give up  
but the rain  
the rain it lasts forever  
forever in my heart

we can't live forever  
but our love will never die  
will you hold me in your heart  
but the light when it gets dark  
we can't live forever

so if it ends the way I fear  
see you on the other side my dear  
I am no afraid to die  
but I am afraid to leave you here  
in the dark

we can't live forever  
but our love will never die  
will you hold me in your heart  
but the light when it gets dark  
we can't live forever

there's a knot inside my gut  
cause I am not trying to give up  
but the rain  
the rain it lasts forever  
forever in my heart
