

The Androids, Wannabe

You try, to look like you're busy
Your time's, aerobics and weight lifting
The wardrobe's perfect but the acting's obscene
Unwind, on rainy day's applying fake tan cream
And you wear those clothes

Cos you're a real wannabe
You're not indisposed
You're just a real wannabe
I've seen you rollerblade lately

Drop names and disco till tomorrow
And you wear those clothes

Cos you're a real wannabe
You're not indisposed
You're just a real wannabe
