

The Benjamin Gate, Love's Not Love

pain is what we faced with
pain is what we breathe
pain is not the end of it
and that is why I dream

love is all around us
love is what we need
love is what we're meant to be
yet all we give is grief

love's not love till you show it
and you can say what you like
it don't mean a thing
'cos love's not love till you show it

fear is what we have here
fear is why we hide
fear beats us black and blue
no matter what you do

time is what we're given
time is always short
time is running out right now
so let these words ring true

love's not love till you show it
and you can say what you like
it don't mean a thing
'cos love's not love till you show it
