The Black Crowes, Cursed Diamond

I lose myself I forget myself Sometimes I fault myself I might fight myself But then I make amends I freeze myself Rain on myself OK, so I stone myself And I might even find myself But then again what happens if I do So unzip my pride Open me up wide So I can show this to you Chorus: I want to shine for you I want to sparkle too Just like a diamond cursed Well you know it don't get worse You know that I'll save you time Your trouble now is mine Hold me baby Hold me girl And I will laugh with you If you want me to Roll me in your splendor I'll envy your surrender And show you victory I hate myself Doesn't everybody hate themselves I scare myself Then I tell myself it's all in my mind So I let the poison go 'Cause I always know It will be there for me Chorus
