## The Black Keys, Aeroplane Blues

I'm on an airplane, 'Cross the sea, Goin' nowhere, I wanna be,

Distant land, Don't know who I am,

Eyes are heavy, Mind is shook, Can't feel, Drugs I took,

Distant land, Don't know who I am,

Take your seat, Don't be shy, You've got to remember, yeah, That you were born to die,

Distant land, Don't know who I am, Don't know who I am, Don't know who I am.
