The Black Keys, Didn't I Love You

You may not be believe me, baby 'Cause I didn't always treat you right Might have deceived you, lady Maybe I stayed out late at night

But didn't I love you? Didn't I love you? Hey, didn't I love you?

I'm sorry I hurt you, honey I'm just a complicated fool Down in the dirt, all muddy I know you know, that's no excuse

But didn't I love you? Didn't I love you? Hey, didn't I love you?

Didn't I squeeze you, baby? Didn't I hold you late at night? Didn't I feed you, lady? Didn't I make you feel alright?

Didn't I love you? Didn't I love you? Didn't I love you?

Hey, didn't I love Ooh
