

# The Black Keys, Hold Me In Your Arms

Well I need you,  
Need you by my side,  
Lonely evenings,  
Eyes are open wide,  
Nothin' you say,  
Would make me change my mind,

Well I see you,  
And you see me, too,  
Moon is risin',  
Night will be here soon,  
Follow me and lay down in my room,  
Hey...hey!

Hold me, hold me in your arms,  
Well now heal me,  
Heal me with your charm,  
Your touch keep me hangin' on,  
Hey.
