

THE BOYZ, Boy

I'm the only one, your boy
Every day, I dreamed
(About this moment, it's finally here baby)
Among all the other eyes on you
I always dreamed of you, hold my hand
I'll run to you, I'll show you, magic for you

All of me is headed toward you
(I wanted you baby)
Don't care about the things that block us
(Don't mind it baby)
Quietly close your eyes and call me
Let me show you
Show you my world yeah

Woah woah woah yeah
This isn't just a momentary dream
(It's not a dream)
I'm standing in front of you like this
Woah woah woah
You make me breathe

I'm your boy boy boy, find me
(Wanna know wanna know girl)
Your only boy boy boy, don't let go of this hand
(Wanna know wanna know girl)
Look into my eyes and tell me
Tell me what you want yeah
I've been waiting for you
I'm the only one, your boy

Baby baby baby, deeply into you
Gonna be gonna be gonna be
I'm entering

Don't let go of this hand
The world you once knew was a lie
Moments that repeat still feel new to me
You change me girl, baby

Look into my eyes
(Look at my eyes baby)
Don't escape me for a single moment
(Don't escape baby)
Quietly call my name
Let me show you
Show you my world yeah

Woah woah woah yeah
This isn't just a momentary dream
(It's not a dream)
I'm standing in front of you like this
Woah woah woah
You make me breathe

I'm your boy boy boy, find me
(Wanna know wanna know girl)
Your only boy boy boy, don't let go of this hand
(Wanna know wanna know girl)
Look into my eyes and tell me
Tell me what you want yeah
I've been waiting for you
I'm the only one, your boy

Every time your breath reaches me
In that short moment
And I know
I exist
All of my world spins toward you
Oh oh oh woah
Woah

I'm your boy boy boy, find me
(Wanna know wanna know girl)
Your only boy boy boy, don't let go of this hand
(Wanna know wanna know girl)
Look into my eyes and tell me
Tell me what you want yeah
I've been waiting for you
I'm the only one, your boy

I'm your boy boy boy, find me
(Wanna know wanna know girl)
Your only boy boy boy, don't let go of this hand
(Wanna know wanna know girl)
Look into my eyes and tell me
Tell me what you want yeah
I've been waiting for you
I'm the only one, your boy

Only one only one
We will never be apart
I'm the only one, your boy
