

# The Call, Everywhere I Go

Raise me up  
Keep that promise that you made  
Wake me up  
Keep that promise that you made

(CHORUS)  
I think of you (everywhere I go)  
I think of you (everywhere I go)  
I look for you (everywhere I go)  
I need you (everywhere I, everywhere I go)

Straight as a curve  
Smiles, eyes, powers to confound me  
I lose my nerve  
Your voice, it echoes all around me

CHORUS

Ease me down  
Keep that promise that you made to me  
Take my hand  
My mind reels, all my senses rise

CHORUS
