

# The Chainsmokers, Call You Mine (feat. Bebe Rexha)

2 kids with hearts on fire  
who's gonna save us now?  
when we thought that we couldn't get higher  
things started looking down

I look at you and you look at me  
like nothing but strangers now  
2 kids with their hearts on fire  
don't let it burn us out

think about what you believe in now  
am I someone you cannot live without  
cause I know I don't wanna live without you

come on let's turn this all around  
bring it all back to that bar downtown  
when you wouldn't let me walk out on you

you said they whatcha doing for the rest of your life  
and I said I don't even know what I'm doing tonight

went from one conversation to your lips on mine  
and you said I never regretted the day that I called you mine  
so I call you mine  
can I call you mine?>  
and you said I never regretted the day that I called you mine

broke kids running through the city  
drunk on the subway train  
set free every time you kissed me  
we couldn't feel no pain

I look at you and you look at me  
like we'd never look away  
broke kids running through the city  
don't let the memory fade

you said they whatcha doing for the rest of your life  
and I said I don't even know what I'm doing tonight

went from one conversation to your lips on mine  
and you said I never regretted the day that I called you mine  
so I call you mine  
can I call you mine?>  
and you said I never regretted the day that I called you mine

think about what you believe in now  
am I someone you cannot live without  
cause I know I don't wanna live without you

come on let's turn this all around  
bring it all back to the bar downtown  
when you wouldn't let me walk out on you

you said they whatcha doing for the rest of your life  
and I said I don't even know what I'm doing tonight

went from one conversation to your lips on mine  
and you said I never regretted the day that I called you mine  
so I call you mine  
can I call you mine?>  
and you said I never regretted the day that I called you mine
