

The Chemical Brothers, Under Neon Lights

All I want
All I want
All I want
Is this a real, what I want?

Let it go, let it go,
Let it go, let it go,
Let it go, let it go,
Let it go, let it go,

Is she moves to suicide?
Is she moves to suicide?
In and under Neon Lights
Got no husband, got no wife
I all want of you tonight
I all want of you tonight
I all want of you tonight
I all want of you tonight
I all want of you tonight

Let it go, let it go,
Let it go, let it go,
Let it go, let it go,
Let it go, let it go,

...
First to flame
This is
Got no pride
Got no ...
I guess this is heaven
I guess I'm in heaven

Is she moves to suicide?
Is she moves to suicide?
In and under Neon Lights
Got no husband, got no wife
I all want of you tonight
I all want of you tonight
I all want of you tonight
I all want of you tonight
I all want of you tonight
