The Chemical Brothers, Under Neon Lights

All I want All I want All I want Is this a real, what I want?

Let it go, let it go,

Is she moves to suicide?
Is she moves to suicide?
In and under Neon Lights
Got no husband, got no wife
I all want of you tonight

Let it go, let it go,

First to flame
This is
Got no pride
Got no ...
I guess this is heaven
I guess I'm in heaven

Is she moves to suicide?
Is she moves to suicide?
In and under Neon Lights
Got no husband, got no wife
I all want of you tonight
I all want of you tonight
