

The Chemical Brothers, We've Got To Try

I Know we can make it girl,
Yes I know we can make it girl,
If we just try,
We've got to try,
Got to find a way to me baby

Got to find a way to me baby!
Got to find a way to me baby!

I Know we can make it girl,
Yes I know we can make it girl,
If we just try,
We've got to try,
Got to find a way to me baby

Got to find a way to me baby!

I Know we can make it girl,
Yes I know we can make it girl,
If we just try,
We've got to try,
Got to find a way to me baby

Got to find a way to me baby!
Got to find a way to me baby!
Got to find a way to me baby!
