The Cranberries, Show Me The Way

Show me to the end of the night
Show me to the end of the day
Show me to the end of tomorrow
(tomorrow)
Show to me the path I should take
Show to me the choice I should make
Show me direction
(direction)

Show me the way [x8]
Show me today

And if I ever lose my way
If I ever go astray
Show me direction
(direction)
Take me to the darkest hour
Show to me the strenght and power
Give me the key

Show me the way [x8]
Too late...
