

The Creatures, Untiedundone

Slide over here, listen to me
Rippling wordstreams to unlock dreams
Take up the slack... loosen these bonds
Unzip and undo, untie my tongue

Untiedundone

It's sucking out bones through a melting phone
In a whispering eddy, I am undone

Untiedundone

Turning to liquid, starting to float
Everything's easy from now on

Untiedundone

Unhook and unhinge in a river of dreams
Rippling wordstreams unraveling
Uncork the wine let's toast the unborn
It's my unbirthday, untied and undone

Unwrap this gift in a state of undress
The future's uncertain, nothing less

Untiedundone
