She was the glamorous type  
There were times when you'd never have guessed it  
Did you see her clothes?  
Everyone said she looked like a mess, yeah!

Okay alright (you think you're the leader)  
About last night (we won't ever)  
I was feeling strange (one last fling)  
Slightly ashamed (don't worry it's alright)  
Casual looks (when we were steaming)  
Have said enough (don't worry it's alright)
