## The Cure, Fascination Street

Oh it's opening time Down on Fascination Street So let's cut the conversation And get out for a bit

Because I feel it all fading and paling
And I'm begging
To drag you down with me
To kick the last nail in
Yeah! I like you in that
Like I like you to scream
But if you open your mouth
Then I can't be responsible
For quite what goes in
Or to care what comes out

So just pull on your hair Just pull on your pout And let's move to the beat Like we know that it's over If you slip going under Slip over my shoulder

So just pull on your face Just pull on your feet And let's hit opening time Down on Fascination Street

So pull on your hair
Pull on your pout
Cut the conversation
Just open your mouth
Pull on your face
Pull on your feet
And let's hit opening time
Down on Fascination Street
