

# The Cure, Home

Every time I try to tell you how I feel inside  
I always make the same mistake  
Tie myself in knots  
Sometimes even make you cry  
When all I ever want to say  
Is "Nobody else in the whole wide world  
Makes me feel this way...  
Nobody else in the whole wide world  
Takes my breath away"

Makes me feel so strange inside  
Dazed, confused and starry-eyed  
I couldn't love you more

Makes me feel the wrong way round  
Inside out and upside down  
I couldn't love you more

And every time I try to tell you what I really mean  
Nothing seems to come out right  
And I end up murmuring foolishly it makes me want to scream  
How I get so stupefied

There's nobody else in the whole wide world  
Makes me feel this way  
There's nobody else in the whole wide world  
Takes my breath away

Makes me feel so strange inside  
Open-mouthed and mystified  
I couldn't love you more  
Makes me feel so upside down  
Muddle-headed round and round  
I couldn't love you more

Makes me feel so strange inside  
Dazed, confused and starry-eyed  
I couldn't love you more

Makes me feel the wrong way round  
Inside out and upside down  
Oh I couldn't love you more
