The Cure, Lullaby

(I spy something beginning with S...)

On candystripe legs the spiderman comes
Softly through the shadow of the evening sun
Stealing past the windows of the blissfully dead
Looking for the victim shivering in bed
Searching out fear in the gathering gloom and
Suddenly!
A movement in the corner of the room!
And there is nothing I can do
And I realize with fright
That the spiderman is having me for dinner tonight!

Quietly he laughs and shaking his head Creeps closer now Closer to the foot of the bed And softer than shadow and quicker than flies His arms are around me and his tongue in my eyes Be still, be calm, be quiet now, my precious boy Don't struggle like that or I will only love you more But it's much too late to get away or turn on the light The spiderman is having you for dinner tonight!

And I feel like I'm being eaten By a thousand million shivering furry holes And I know that in the morning I will wake up In the shivering cold

The spiderman is always hungry...

(Come into my parlour, said the spider to the fly I have something...)
