

# The Damned, Sick Of Being Sick

It's been long time since I stepped outside  
Party's only just begun  
Takes more than a dream to make me want to scream well  
Gonna have me some fun  
No way out of this city full of doubt it makes  
Living seem like a sin  
I'd better kick some ass  
Get out real fast  
I might as well give in

Sick of being sick  
Sick of being sick  
Sick of being sick  
Sick of being sick
