

The Dandy Warhols, Best Friend

Best friend
I'll see you in the end
Broken for a while
But maybe we can bend
Best friend
I'm feeling out of line
And filling up the time again
I'll see you in the end
I will again

Best friend
I'm really up again
The world is alone but bitter to the end
Best friend
And figuring out my head
Oh I'll see you in the end
I will again
