

The Dandy Warhols, Not Your Bottle

That's not your bottle
Nor what's inside
I guess they brought it just for them
How'd you get in
That's fucking right
None of my friends would bother
To even bother

Benjamin's marijuana
Micheal brought a keg
The skaters are high on mushrooms
Passing out hits of LSD
Philip wants to be a rock star
But he's a bit uptight
So he brings his favorite bettys
With a bottle full of whiskey
And sits on the couch all night
All night
