

The Dandy Warhols, Retarded

I really might seem retarded
But i really wanna see you again
Want nothing but to be your friend
So i could see you again

If i feel a bit disregaured
Don't think i need you to attend
Or you to condescend
So i could see you again

Hey i think like a fool
But you can't trust your friends
Or you can f**k your friends
But i don't (hey)
