

The Doors, Build Me A Woman

Give me a witness, darling.

I need a witness, babe.

I got the poontang blues. I got the poontang blues.

From the top of my head to the bottom of my cowboy shoes.

Build me a woman,

Make her ten feet tall.

You got to build me a woman,

Make her ten feet tall.

Don't make her worthless,

Don't make her small.

Build me a woman,

Make her ten feet tall.

You got to build me a woman,

Make her ten feet tall.

Don't make her worthless,

Don't make her small.

Build me someone I can ball

All night long.
