## The Doors, Poontang Blues/Build Me A Woman/S

I've got the poontang blues From the top of my hip To my cowboy shoes

Whole lotta money Nothing to lose I've got the poontang blues

Give me a witness, darling. I need a witness, babe. I got the poontang blues. I got the poontang blues. From the top of my head to the bottom of my cowboy shoes. Build me a woman, Make her ten feet tall. You got to build me a woman, Make her ten feet tall. Don't make her worthless, Don't make her small. Build me a woman, Make her ten feet tall. You got to build me a woman, Make her ten feet tall. Don't make her worthless, Don't make her small. Build me someone I can ball All night long.
