

# The Dresden Dolls, Dirty Business

Raise your glass  
We have incorporated  
Place your bets  
We're all so sick of waiting  
Queen takes jack  
You got me this time but I'll get you back  
So pick a number

To all the ones who tried the most  
Was I supposed to cheer your efforts  
Sorry that I chose so poorly  
Golly gee am I the poster girl?

She's the kind of girl who looks for love in all the lonely places  
The kind who comes to poker pockets stuffed with kings and aces  
She's the kind of girl who only asks you over when its raining  
Just to make you lie there catching water dripping from the ceiling

Lift your hats  
Off to the checkout girls with tattooed backs  
They'd make an angels skin crawl  
If you ask them for assistance  
There's an even chance  
You'll get a number

To all the girls at pearl, the surly boys who get to masticate them  
I've a prize for each and every one of you so just be patient

To all the ones that hated me the most a toast  
You really had me  
Going for a second I was nervous  
Boy am I the poster girl?

She's the kind of girl who gets her slings and arrows from the dumpster  
The kind who tell you she's bipolar just to make you trust her  
She's the kind of girl who leaves out condoms on the bedroom dresser  
Just to make you jealous of the men she fucked before you met her

To all the ones who thought they knew me best a test to prove your prowess  
Who was mine in Ninety-nine? I want last names and current status  
To all the ones who hated me the most a toast you really had me going for second  
I was nervous boy am I the poster girl  
For some suburban sickness?  
Better keep a healthy distance  
Now its up to you know what to do  
It's pretty dirty business
