

# The Fuse, Fioletowy

I'm running to you and me  
and no matter what it is  
I'm running through the city  
that is almost asleep

To say...

Look at the sky  
Take a walk through the clouds  
This violet house is like a perfect one  
with the bird on the silver tree

So let's take a walk  
Take a walk with  
Take a walk  
Take a walk with  
Take a walk  
Take a walk with...

I didn't want you to run  
I just thought you were around  
But we don't have much time  
Tell me if I'm not right

Listen...

Look at the sky  
Take a walk through the clouds  
This violet house is like a perfect one  
with the bird on the silver tree

So let's take a walk  
Take a walk with  
Take a walk  
Take a walk with  
Take a walk  
Take a walk with...

Me...
