

# The Georgia Satellites, Mon Cheri

Well I was out the other evening  
on a walk when I decided to  
take myself a little stroll through the park  
I was young and I was feeling no pain  
well I was a happy man not a care in this world  
a real up and comer with an eye for the girls  
when I saw something that just about set  
my young heart a flame  
well I introduced myself and I said nice night for a walk  
but I couldn't understand a thing she said when she talked  
and I said honey, let's get something straight between you and me  
well that's when she settled down on the park bench  
her skirt rolled and I could see she was French  
and my heart said toujours l'amour, avec mon amour

My my mon cheri  
baby I sure would be delighted in your company  
anytime that is good for you  
would be convenient with me  
well I say my my my mon cheri

My my mon cheri  
baby I sure would be delighted in your company  
anytime that is good for you  
would be convenient with me  
well my my my mon cheri

I'm still a happy man  
and I'm still in love with my sweet mademoiselle  
she feels such amour for a fine young sweet Pierre  
we're in love together hope it'll always be  
my sweet darling cheri and me  
because together we generate such savoir faire

my my mon cheri  
baby I should would be delighted in your company  
anytime that is good for you  
would be convenient with me  
my my my mon cheri  
I said, I said, I said mon cheri
