

# The Highwaymen, Texas

Listen to my song,  
And if you wanna sing along,  
It's about where I belong:  
Texas.

Sometimes far into the night,  
And until the morning light,  
I pray with all my might,  
To be in Texas.

It's where I wanna be.  
The only place for me.  
Where my spirit can be free:  
Texas.

(Instrumental break.)

It's where I wanna be.  
The only place for me.  
Where my spirit can be free:  
Texas.

Listen to my song,  
And if you wanna sing along,  
It's about where I belong:  
Texas.
