

# The Horrors, Something To Remember Me By

Memory revolving  
the fear or letting go  
the arrow of acceptance  
the moment when you know

and when the answers only divide  
when you never question the doubts in your mind  
when the distance grows but the ends is in sight  
nothing left to lose when there's soothing left to find

now all that's left behind  
something to remember me by  
or the fear  
the slow divide  
something to remember me by  
all the silent song  
something to remember me by  
two side, a double life  
something to remember me by

I've gone too far this time  
but chances come and go  
you say that I believe my lies  
but now you'll never know  
you know you won't

and when the answers only divide  
when you never question the doubts in your mind  
when the distance grows but the ends is in sight  
nothing left to lose when there's soothing left to find

now all that's left behind  
something to remember me by  
or the fear  
the slow divide  
something to remember me by  
all the silent song  
something to remember me by  
two side, a double life  
something to remember me by
