

The Jam, Big Bird

Open up the sky
'Cause I'm coming up to you
So send down your wings
It'll bring me to you
You know I'm standing at the station
Ready to go
Big ol' airplane, you know I trust in you so

Get on up big bird
To my baby, love
Get on up big bird
To my baby, love
Get on up big bird
I got to make it heard
Get on up big bird
I got to make it heard
Get on up!

Way down here
You up there
Well we know is
Is it ain't no fair

You know I'm standing at the station
Ready to go
Big ol' airplane, you know I trust in you so

Get on up big bird
To my baby, love
Get on up big bird
To my baby, love
Get on up big bird
I got to make it heard
Get on up big bird
I got to make it heard
Get on up!
