## The Janoskians, That's What She Said

1, 2, 3, 4! That's What She Said That's What She Said

I like you when I'm winning
I like being on top
That's What She Said
I like you when we blow real lights
'Cause I don't want you to stop
That's What She Said
I like your double feature
I like it really long
That's What She Said
I like the sun tan lotion
Put it anywhere you want
That's What She Said

Time to show some skin The water's fine So we're all jumping in

Take, take, take, take it off That's What She Said That's What She Said No, no, no, no don't ever stop That's What She Said That's What She Said You know I want you You know I mean to Take, take, take, take it off That's What She Said That's What She Said

I like when you're the chauffeur
I like the way you drive
That's What She Said
I like the old Camaro's, I want the 69
That's What She Said
I hate McDonald's burgers
But I love in and out
That's What She Said
I want a double, double baby
Put it in my mouth
That's What She Said

Time to show some skin The water's fine So we're all jumping in

Take, take, take, take it off That's What She Said That's What She Said No, no, no, no don't ever stop That's What She Said That's What She Said You know I want you You know I mean to Take, take, take, take it off That's What She Said

Close your eyes, make a wish tonight

Got you by my side and I
Can't believe it!
Way you walk and the way you talk
Put you on my arm
For the world to see it!
Took it slow now we lose control
Rolling round the floor, rolling round the bed
You my chick and you so legit
But I'll finish off quick like
That's What She Said

Take, take, take, take it off No, no, no, no don't ever stop

Sir, I think it would be a good idea for us to

Take, take, take, take it off That's What She Said That's What She Said No, no, no, no don't ever stop That's What She Said That's What She Said You know I want you Do you want me too? Take, take, take, take it off That's What She Said Take, take, take, take it off That's What She Said That's What She Said Take, take, take, take it off That's What She Said That's What She Said
