

The Jet Set, The Beat Of Your Heart (wersja angi

Yeah, Yeah
It's sad, it's really sad (yeah, it is man, yeah it is)
I didn't promise anything
Well, you know, it's her fault, not mine
She's in for it
Well, not me (not you)

When the sun rise wakes me up,
When you close to me each night
And I know that my life is complete now
I want it to be this way
Don't say anything just stay
And I know that my life is complete now

(Rap):

Don't get me wrong
Baby girl if I say
That your completely of the hook about us
Cos' there's nothing between you and me
And you're in love with a fantasy
(Told ya)
Moments can pass
But a memory lasts
Why don't you cherish that and forget about us
Cos' this thing that you dream about you and me
Will never be

(Vocal, Ref.):

I wanna feel the beating of your heart
I wanna feel
I wanna feel the beating of your heart (yeeeah)
I wanna feel that you take me high
I wanna feel
I wanna feel the beating of your heart
Yeah, Yeah
It's sad, it's really sad
I didn't promise anything (yeah, yeah)
Well, you know, it's her fault, not mine
She's in for it
Well, not me (not you)

When you smile I feel alive
When you're gone I hurt inside
And I know only you are my sweetheart
I want each day to look like this
And to start each day with a kiss
And I know only you are my sweetheart

(Rap):

Girl what you're saying
Is completely insane
And in passing of time you forget all that pain
Then you'll know what was right
There was no reason to fight about you and me
(no way, no way, what's wrong)
I told you once, and I'll tell you twice
That I'll never ever would make you my wife
So keep that picture in mind of you and I
And go on with your life

(Vocal, Ref.):

I wanna feel the beating of your heart
I wanna feel
I wanna feel the beating of your heart (yeeeah)
I wanna feel that you take me high
I wanna feel
I wanna feel the beating of your heart

I'll never let you go, I'll never let you go
I'm giving you, I'm giving you my whole love
I'm giving you, I'm giving you my whole love
I'm giving you, I'm giving you my whole love
Whole love, my whole love

(Vocal, Ref.):

I wanna feel the beating of your heart
I wanna feel
I wanna feel the beating of your heart (yeeeah)
I wanna feel that you take me high
I wanna feel
I wanna feel the beating of your heart

(Rap):

Girl, girl, why don't you understand
I, I, can never ever never ever be your men, no

(Vocal, Ref.):

I wanna feel the beating of your heart
I wanna feel
I wanna feel the beating of your heart (yeeeah)
I wanna feel that you take me high
I wanna feel
I wanna feel the beating of your heart
I wanna feel the same way too
You know I can't do that, no

You gotta let me go, you gotta let me go
