

The Kelly Family, All I Say

All I say is thank you to my mother,
To my father, my brothers and sisters
To be in my dream, to be not full of sorrow
And we call you to be in this way
All I say is
Some people say to be fat is not nice,
But I tell them to me it's perfect.
My father only told me to be in the eye of all them,
And not to be sad about what people say, but I'm not no no
All I say is
I'm happy to be, to be on this way,
When you not let me play
All I say is....
