

The Kid LAROI, I Thought That I Needed You

(BNYX)
(Wake up, F1LTHY)

Ay, we lost our love back in December
Six months went on of us still together (Because)
I thought that I needed you
I thought that I needed
You're not the one I thought you was
And it took so long to realize because (Because)
I thought that I needed you
I thought that I needed you

So fuck love again, girl, I'm through
You broke trust and I'm feelin' you
You promised I wouldn't feel this way again
Now I'm over here, I'm over here and all I feel is hate
I got a couple more things I wanna say, but I can't heal, and
I tried everything that you could think to keep your here, I
Ran over everything that you had said
But I don't care what you say 'cause I'm over all that shit [?] (Whoa)
And don't say sorry, it's too late to apologize
But you're not sorry, no, your face says it all
And I was there oh, I would lay at your lowest times
We acted like it was great, but

We lost our love back in December
Six months went on of us still together (Because)
I thought that I needed you
I thought that I needed
You're not the one I thought you was
And it took so long to realize because (Because)
I thought that I needed you
I
How did you forget me?

And I sat here for days like how did you forget me?
Oh, after everything, oh, how could you regret it? (Oh, why?)
I regret I ever thought you were the best thing
To happen in my life, guess in a way, this shit's a blessing
'Cause you thought that I needed you, and I thought I would need to
Despite what they had told me, I saw other things in you
The way we left it off was just not what we had agreed to
Thinkin' back on everything, I'm tryna figure out just how

We lost our love back in December
Six months went on of us still together (Because)
I thought that I needed you
I thought that I needed
You're not the one I thought you was
And it took so long to realize because (Because)
I thought that I needed you
I thought that I needed you

...
We no longer speak, yeah
With him and I need ya
Oh, how did you forget me?
I'm lost and betrayed now
As you made your way out
Don't know what to say, but
Oh, how did you forget me?
