The Killers, Desperate

Send me away, oh I'm here on my own

Hammer, stutter now Let's rock, let's roll now

She says I'm obsessed I say I'm in love
Oh, me
You've done it now
Now send me a way out I feel insecure
And desperate
But not right now
I feel it now
And you don't see
The way I see
I've got it now
I'm desperate

Desperate Desperate

I'm better off like this I'm better off I'm better off like this

Don't you know I care? No, no

Desperate Desperate Desperate Desperate

I'm better off like this I'm better off I'm better off like this Don't you know I care? No, no

I wish I was myself Again I wish I was myself Again.
