

The Knocks, Classic (feat. Powers)

Come to me baby
Don't be shy, don't be shy, don't be shy
Come to me baby
Don't be shy, don't be shy, don't be shy

It was a summer time, that summer high
Oh what a masterpiece
The way your eyes met mine, sweet
Like apple pie, caught in your energy
The future came to me, I see

Yeah, it feels so classic
You and me, the magic
And I know we have it
Cause it feels, yeah, it feels, yeah
It feels so classic
Cause it feels, yeah, it feels, yeah
It feels so classic

Come to me baby
Don't be shy, don't be shy, don't be shy
Come to me baby
Don't be shy, so classic

What a summer time, when we lost our lines
Between the birds and bees
Buzzing in the blue sky, till the full moon rise
Playing with chemistry
Baby are you with me, oh

Yeah, it feels so classic
You and me, the magic
And I know we have it
Cause it feels, yeah, it feels, yeah
It feels so classic
Cause it feels, yeah, it feels, yeah
It feels so classic

Come to me baby
Don't be shy, don't be shy, don't be shy
Come to me baby
Don't be shy, so classic
Come to me baby
Don't be shy, don't be shy, don't be shy
Come to me baby
Don't be shy

We're just looking for the fun, yeah
We don't know what's gonna come, yeah
Just looking for the fun, yeah
We don't know what's gonna come, yeah

Cause it feels, yeah, it feels, yeah
It feels so classic
Cause it feels, yeah, it feels, yeah
It feels so classic

Come to me baby
Don't be shy, don't be shy, don't be shy
Come to me baby
Don't be shy, so classic
So classic
