The Kooks, Rosie

See the same old crowd again
Wash my hands and shake my feet
And yes I missed you all
Since I last saw you I fell down the rabbit hole
As I wonder what we'd be like
Wrapped up so up tight with you
Lust will do funny things
I don't want you to go out
Looking so good
And you look so good

Rosie, well I feel your love and I want you to agree To be Still take your time but get to me Rosie

She looked away as i mantioned her name
The street lights light up my shame
The world can take you and swallow your whole
But your a big girl and I think that you already know
You've been bought and sold

Be careful with me I see all that you see Troy died in a day For little Rosie

Rosie, well I feel your love and I want you to agree To be Still take your time Roll your stone to me Rosie

Gonna find you now Now I'll walk the beat And you'll do me a pirouette in the street And although we'll fall We'll find our feet Rosie

Well, I wanted you so easily Illusion past and now I see An image is so different to reality Rosie
