Got me watching your eyes watching things go by outside Out the window of a train Easy sipping them just seeing it fly left to right Pour the milk and Ill say when

Im out wandering around. Youre but one thing Ive found. I dont mean to bring you down. Im out wandering around.

Kinda hoped you wouldnt blame me I cant wake up every day and find the same me You can scream but III just dream how you might disappear All I know is its never clear

I cant hold you near. You just are not here. Though it wasnt hard or far. I walked you to your car.
