## The Libertines, Can't Stand Me Now

" An ending fitting for the start You twist and tore our love apart Your light fingers through the dark Shattered the lamp, into darkness it cast us..." " No, you've got it the wrong way round You shut me up, and blamed it on the brown." Cornered, the boy kicked out at the world The world kicked back, a lot fucking harder If you wanna try, if you wanna try There's no worse you could do, uh oh oh I know you lie, I know you lie I'm still in love with you, uh oh oh Can't take me anywhere I'll take you anywhere You can't take me anywhere I can't take you anywhere I'll take you anywhere you wanna go, oh You can't stand me now Have we enough to keep it together? Or do we just keep on pretending And hope our luck is never ending? You tried to pull the wool I wasn't feeling too clever And you take all that they're lending Until you needed mending If you wanna try, if you wanna try There's no worse you could do, uh oh oh I know you lie, all you do is make me cry And all those words, they ain't true I can't take me anywhere I can't take you anywhere You can't take me anywhere Well, I won't take you anywhere I take you anywhere you want to go, oh You can't stand me now
