

The Mission, Cold As Ice

?? money ??

He dresses to kill so debonair
Insatiable and cruel, gracious and sly, he don't care
No, he don't care

You do??? takes the gamble
A roll of the dice, he's as cold as ice
He's as cold as ice

Though he can't and ???
With cunning and his wile he'll steal your breath away, away
He'll plead and implore for kissing me one more
Loves you to do???
Hey, hey

??? pays the reaper
It's a hell of price, he's as cold as ice
He's cold as ice
And he's sweet as sin
And he's under your skin
He's cold as ice
Yeah, yeah

He's as cold as ice, he's as cold as ice
As sweet as sin, as sweet sin
And he's under your skin, and he's under your skin
He's as cold as ice, he's as cold as ice
