## The Monkees, Don't Call On Me

Don't call on me When you're feeling footloose and fancy free You've done that before And like a fool I came back for more

It's all over now I've finally seen my way I need you no more Not now or any other day

Okay little girl Live for yourself in your own little world I know that you'll find Someone who'll play and love you, be just your kind

Be just your kind Be just your kind Be just your kind
