

The Monkees, Listen To The Band (33 1/3)

Hey, hey, mercy woman
Plays a song and no one listens
I need help I'm falling again

Play the drum a little bit louder
Tell me I can live without her
If I only listen to the band
Listen to the band!

Weren't they good
They made me happy
I think I can make it alone

Oh, mercy woman
Plays a song and no one listens
I need help I'm falling again

Play the drum a little bit louder
Tell me I can live without her
If I just listen to the band
Listen to the band!

Weren't they good
They made me happy
I think I can make it alone

Oh, mercy woman
Plays a song and no one listens
I need help I'm falling again

Oh, play the drum a little bit louder
Tell me I can live without her
If I only listen to the band...
Listen to the band, baby!

Yeaaaaah....

Weren't they good
They made me happy
I think I can make it alone...

Weren't they good
They made me happy
I think I can make it alone
Oh, mercy woman
Plays a song and no one listens
Please help me, I'm falling in love again
Play the drum a little bit louder
'Cause we can live without her
If only I'd have listened to the band...
Oh, Listen to the band!

Weren't they good
They made me happy
I think I can make it alone...
