

The Muffs, Slow

Ooh ooh ooh (2xs)

I don't care and I don't mind

If I ever wanna leave this past behind me

Everyone is doing fine

'cept I need a little piece of mind

and I wanna be far away cuz I hurt all day

thinking all I could think I know

that I really gotta take it slow oh don't you know

Pretty one or pretty face

And I wanna get away from this old place now

Every time and every day

Well I gotta learn to get away

And I wanna be far away cuz I hurt all day

thinking all I could think I know

that I really gotta take it slow oh don't you know

(solo)

And I wanna be far away cuz I hurt all day

thinking all I could think I know

that I really gotta take it slow oh don't you know

Ooh ooh ooh (3xs)
