

# The Neighbourhood, Hate Machine (feat. Danny B

You are the only one, the only one  
The only one for me  
You are the only one, the only one  
The only one  
I am the chosen one, the chosen one  
The chosen one for you  
I am the chosen one,  
I froze your lungs, your breath tells me the truth  
I know that you know  
I know that you know it, he know it too  
When I walked in the room, I could have died  
I should have left, yeah I should have went  
But I couldn't go on  
He was your man, but I am your life

I am a slave to theses,  
Make you leave  
Things you say to me  
And I've got this hate machine  
Of broken dreams, in the world i live  
I am a slave to theses, make you leave  
Things you say to me  
And I've got this hate machine  
Of broken dreams, in the world i live

Can't think, can't sleep  
Can't eat, can't speak  
Game so strong, thought I had a cheek sheek  
But you got my heart beat like run around sheek  
Roll ball peak can't feel my teeth  
Feel right around beat so I splashed on my sheets  
Late night creep, creep, right who he?  
Cause when we in ... like he gone to his  
Cause it's all about you not all about me  
So baby girl you choking  
Ball to say you got my mind name wollowitz  
Can't think straight and I'm in mistake  
Looking in your eyes and lying in your face  
Brother lying bad put your head on my chest  
Stroke a yole hail when I'm home deep breath  
Feel so right I ain't got no left  
Heart skipping beats like a bad dj sample  
Head so gone and I can't think straight  
Close my eyes all I see is your face  
Hear your voice bring tears to my spine  
Lose my mind and tear your mind  
Bitch I'm the chosen one, I'm the chosen one  
All I can focus on smoke and wine  
Know I ain't sober,  
Can't make it to that bed, role model gonna suffer  
Danny Brown in that neighborhood  
When she leave you she staying for good  
Doing all the things she wished she could  
Doing all the things she thought she would  
Danny Brown in that neighborhood  
When she leave you she staying for good  
Doing all the things she wished she could  
Doing all the things she thought she would
