

# The Neighbourhood, Lost in Translation

I've been gettig lost in translation  
Trouble keeping up communication  
We were having fun, now  
I can't wait to be done  
It feels like iam the only one that's sick of playing

Baby  
Why you gotta keep me hanging?  
Like an apple of temptation  
You let me get a bite  
Outta sight outta mind  
Until i found the bruise on the otherside

Time  
Do it to me one more

I've been gettig lost in translation  
Trouble keeping up communication  
We were having fun, now  
I can't wait to be done  
It feels like iam the only one that's sick of playing

Sick of people telling me  
Be patient  
I am trying to light the fire with no flame  
Tryna figure out what you're saying to me  
I wish i didn;t need you to explain

Time  
Do it to me one more

I've been gettig lost in translation  
Trouble keeping up communication  
We were having fun, now  
I can't wait to be done  
It feels like iam the only one that's sick of playing
